

Bitzer-Professur für Kälte-, Kryo- und Kompressorentchnik, TU Dresden (TUD); Karlsruhe University of Applied Sciences (HKA), Germany
Purdue University, Indiana, USA; Oklahoma State University (OSU), Oklahoma, USA

Summer School 2024

"International Refrigeration and Compressor Course (IRCC)"

Within this **Summer School** supported by the **SCHAUFLEER Academy (Bitzer)** we offer an excellent preparation for the future profession in an international surrounding while working on global teams. German and American students will attend two (2) residential weeks:

- **May 27th – May 31st, 2024** in Dresden, Karlsruhe, and Rottenburg (**Germany**)
- **August 12th – 16th, 2024** at Oklahoma State University, Stillwater OK (**USA**)

In between the residential weeks, students will work on a project in **teams** of American and German students via **digital media** and present their findings at Oklahoma State University, USA!

Discover interesting lectures, excursions and laboratory work in the fields of **thermodynamics, energy utilization and process technology**, investigation of physical property and **environmental protection** with the application in **refrigeration and compressor technology**!

The number of participants is limited!

Your application should include a short CV with a picture and a short motivation letter.

Application deadline is Dec. 8th, 2023

Contact info for **questions** and **applications**:
